

WHEN THE DAY BEGINS TO
breathe

JOSH YEOH

01 // ONE DAY CLOSER

In the waiting
Keep me longing
Keep my lamp burning so bright with oil
In the hoping
Keep me watching
Keep my heart awake with love for You

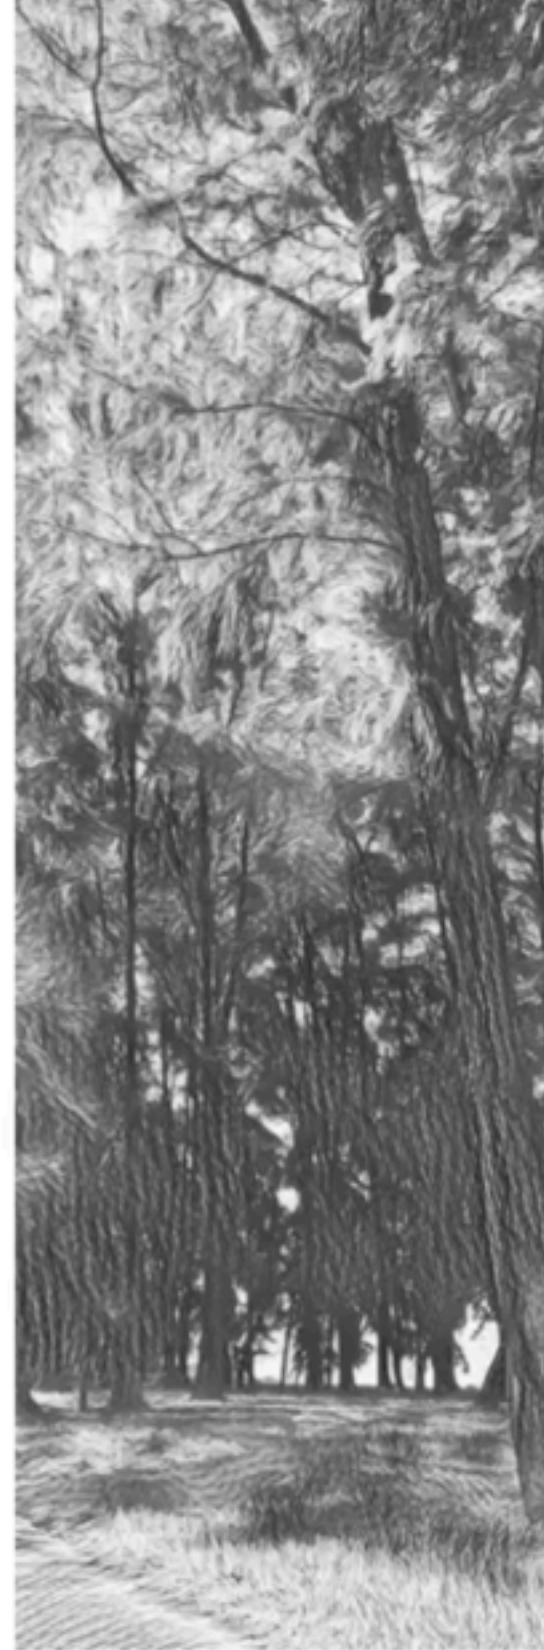

Though You delay, let me
Live as wise before Your eyes
Though You delay, I'll say

Everyday I just want to fall in love with You
Everyday to know that You love me too
Everyday I know that I am one day closer till I see Your face
Everyday I just want to know You rightly God
Any way you want draw me deeper to Your heart
Everyday I know that I am one day closer till I see Your face

In the searching
Keep me yearning
With all of my heart; You will be found
In the trials
And the testings
Keep me faithful as Your friend to the end

Though I see as in a mirror dimly
The shadow proves your light is shining clearly
And in a while I know I'll see You fully
Face to face, in that day

02 // GARDEN / EDEN AGAIN

With You in the garden
By the river of water of life
I'll stay here

My Love I long for Your return
Come replace this distance with eternity
Fill my heart with the love that is in Yours
This is how You first created me

God I'll make You a dwelling place
I'm here to stay and obey

Can we have Eden again, God
Where a longing fulfilled is the tree of life
Can we have Eden again, God
A hope now in Christ to abide

You're my desire, my tree of life
How my heart yearns for communion
You're my desire, my tree of life
How my heart yearns for communion
How my heart yearns for communion

I will never leave
I will never leave, where You are
I will never leave
I just wanna stay by living water

With You in the garden
By the river of water of life
I'll stay here

Let me stay here God
In the secret place
The sacred space
Of communion with You

And He walks with me and He talks with me
And He tells me I am His own
And the joy we share as we tarry there
None other has ever known
I am His, and His alone

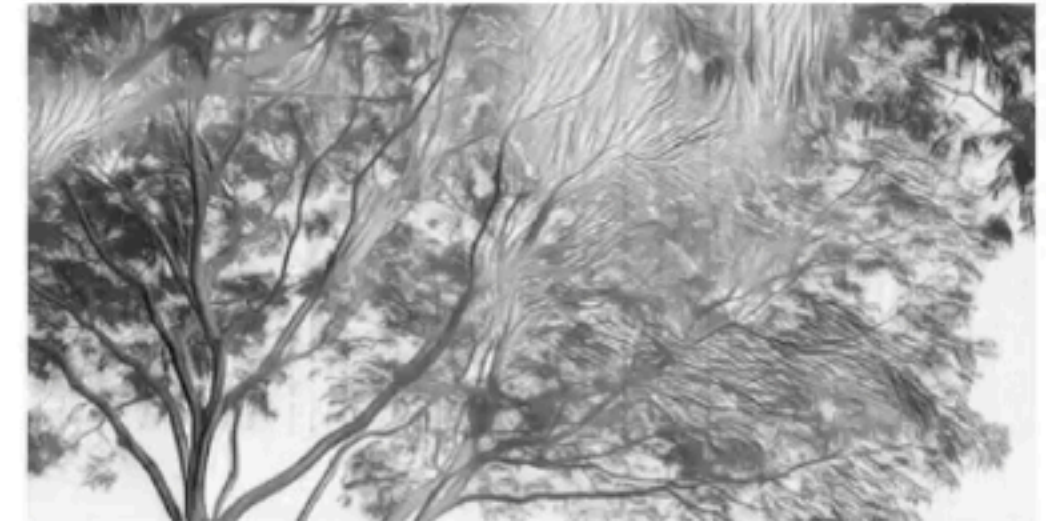

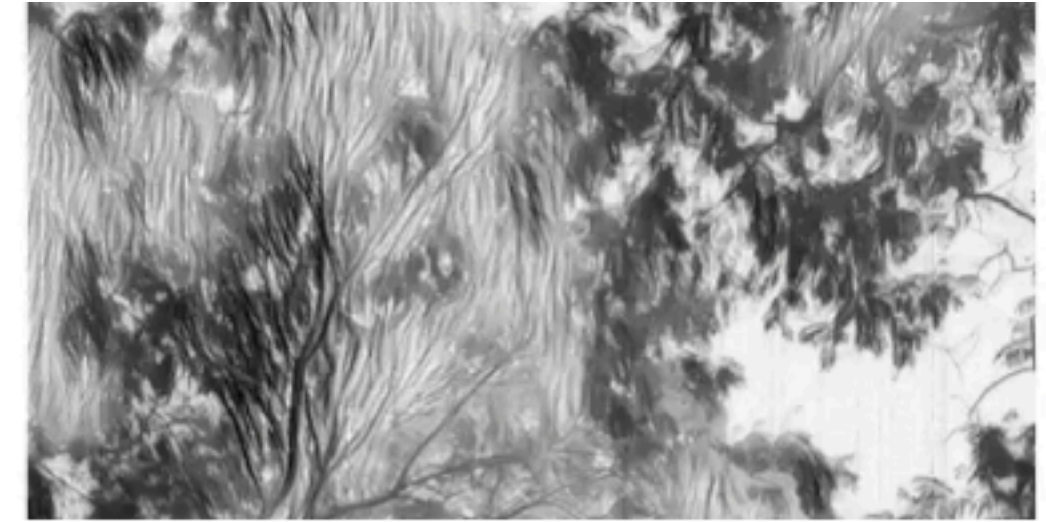

03 // SHADE OF THE TREE

Standing in the morning breeze
You said, "Come and walk with me
To the place I have prepared for You."
And oh the joy and peace
Found in the beckoning
To Your heart
That we may be one
How could it be
You would choose me?
Friendship with God began
In the shade of the tree

In silence that was deafening
Praying through the agony,
"Father may this cup pass from me."
But oh the crown of thorns
You wore for those who scorned
"Your will be done
That they may be one"
How could it be
Mercy found me?
The wrath of God appeased
At the foot of the tree

A river running from the throne
Where life abundant freely flows
No sin, no sorrow, no more suffering
And oh we'll see Your face
Sing songs of endless praise
Your kingdom come
Heav'n and earth one
And now I see
Eternity
All things made beautiful
At the feet of the King

Standing in the evening breeze
You said, "Come and walk with me
To the place I have prepared for You."

04 // WHEN THE DAY BEGINS TO BREATHE

Though I'm broken, call me beautiful
Though I waver, hold me in Your love
You have wounded me with lovingkindness
Now You're drawing me in tenderness

I hear You say:

"Rise up my beloved, come away
The winter is over, the shadows flee away
When the day begins to breathe
You'll be home"

I have sought You, You who my soul loves
Now I've found You, I'm not letting go
You have ruined me with lovingkindness
Now You're wooing me in tenderness

I hear You say:

"Rise up my beloved, come away
You have captivated me with Your gaze
When the day begins to breathe
I'll come home"

Your voice is sweet, Your face is beautiful
No other love, no name as wonderful

Rise up my beloved, let us go
Into the fields and vineyards, there I'll give You my love
I'll rise with my beloved, Your seal on my heart
I will come up leaning in everlasting arms
When the day begins to breathe
And the shadows flee
When the day begins to breathe
I know I'm home

05 // WHERE CAN I GO?

Father You have searched me
And You know me
When I sit and when I rise
Father You understand me
Comprehend me
You're acquainted with my life

Still You say that You love me Father
Still Your lovingkindness chases me down

Where can I go from Your Spirit?
Where can I flee from Your presence?
If I ascend into the heavens You are there
How precious are Your thoughts towards me God
How great is Your love

Father in the darkness
You surround us
Even night is light to You
Nothing has been hidden
You have written
All my days before I knew You

And I will praise You
For I'm fearfully and wonderfully made
Marvelous are Your works
And that my soul knows very well

And my soul knows it well
And even in my mother's womb
You knew me, You formed me
You made me
You see me, Jesus
You know my heart
You know my weakness
You know my frame
You remember that I am dust
And You're not ashamed of me
Oh You still love me
You're still for me

06 // IN THE GARDEN

Oh to walk in the garden
Oh to stay by Your side
Oh to know my Beloved
Oh to rest and abide

Through the night, through the waters
I am held in Your hands
Though I'm pressed, not forsaken
I am loved by my Friend
I am loved to the end
